Declarant shall have no liability to any Person with respect to the Lakes, the use thereof or access thereto, or with respect to any damage to any Lot resulting from a Lake or the proximity of a Lot thereto, including loss or damage from erosion.

The Common Area on which the Second Lake may be excavated will hereafter be referred to as the "Second Lake Area". After the earlier of such dates, the Corporation shall maintain the Drainage system to the extent not maintained by the Drainage Board and the Maintenance Costs thereof shall be assessed against all Lots subject to assessment serviced by that part of the Drainage System with respect to which Maintenance Costs are incurred. Each Owner shall be individually liable for the cost of maintenance of any drainage system located entirely upon his Lot which is devoted exclusively to drainage of his Lot and is not maintained by the Drainage Board.

7. Recreational Facilities - After the date of execution hereof, the Declarant, in the Declarant's sole discretion, may elect to construct on the Property, for the benefit of the Property and all Lots located therein, certain recreational facilities consisting of one or more of the following: (i) a bath or club house, (ii) a swimming pool, (iii) one or more tennis courts, or (iv) other similar facilities; provided, however, that nothing in this Declaration or otherwise shall require or be construed to require Declarant to construct such recreational facilities. Provided, further, that the design, landscaping and construction of any such Recreational Facilities shall be determined exclusively by the Declarant in the Declarant's sole and unfettered discretion. Notwithstanding anything herein to the contrary, the Declarant may, in the Declarant's sole discretion, erect chain link fences in and around the Recreational Facilities. The Declarant shall bear the costs of the original construction of such recreational facilities and, thereafter, the costs of operating, maintaining, and repairing such recreational facilities shall be assessed as a General Assessment in accordance with the terms and conditions of Section 13(b) below.

8. Maintenance of Entry Ways, Landscape Easements and Common Area Easements and Common Areas. The Corporation shall maintain the Entry Ways and the Landscaping Easements and all improvements and plantings thereon, and the Maintenance Costs thereof shall be assessed as a General Assessment against all Lots subject to assessment. Grass, trees, shrubs, and other plantings located on an Entry Way or a Landscaping Easement shall be kept neatly cut, cultivated or trimmed as reasonably required to maintain an attractive entrance to Cheswick Place, or a part

thereof, or a planting area within Cheswick Place. All entrance signs located on an Entry Way shall be maintained at all times in good and signly condition appropriate to a first-class residential subdivision.

(a) Land Use. Lots may be used only for single-family residential purposes and only one Residence not to exceed the maximum height permitted by and measured pursuant to the Zoning Ordinance of the City of Carmel, Indiana. No portion of any Lot may be sold or subdivided such that there will be thereby a greater number of Residences in Cheswick Place than the number of Lots depicted on the Plat. Notwithstanding any provision in the applicable zoning ordinance to the contrary, no Lot may be used for any "Special Use" that is not clearly incidental and necessary to single family dwellings. No home occupation shall be conducted or maintained on any Lot other than one which does not constitute a "special use" and which is incidental to a business, profession or occupation of the Owner or occupant of such Lot and which is generally or regularly conducted at another location which is away from such Lot. No signs of any nature, kind or description shall be erected, placed, or permitted to remain on any Lot advertising a permitted home occupation.

(b) Size of Residence. Except as otherwise provided herein, no residence may be constructed on any Lot unless such Residence, exclusive of open porches, attached garages and basements, shall have a ground floor area of 2,500 square feet if a one-story structure, or 2,800 square feet if a higher structure.

(c) Temporary Structures. No trailer, shack, tent, boat, basement, garage or other outbuilding may be used at any time as a dwelling, temporary or permanent, nor may any structure of a temporary character be used as a dwelling.

(d) Building Location and Finished Floor Elevation. No building may be erected between the building line shown on the Plat and the front Lot line, and no structure or part thereof may be built or erected nearer than ten (10) feet to any side Lot line or nearer than twenty (20) feet to any rear Lot line. The side yards must aggregate thirty (30) feet. No accessory building may be erected in front of a main building or in the required front yard on the side of a corner lot unless the accessory building is attached to the main building by a common wall. No accessory building which is not attached to the main building by a common wall or any swimming pool, tennis court or other improvement may be erected or installed between the rear of the main building and 136th Street, unless a variance therefor is obtained from the Carmel Board of Zoning Appeals and approval is granted by the Architectural Review Board. A minimum finished floor elevation, shown on the development plan for Cheswick Place, has been established for each Lot depicted on the Plat and no finished floor elevation with the exception of flood protected basements shall be constructed lower than said minimum without the written consent of the Architectural Review Board. Demonstration of adequate storm water drainage in conformity with both on-Lot and overall project drainage plans shall be a pre-requisite for alternative finished floor elevations. Before construction commences, the finished floor elevation shall be physically checked on the Lot and certified by a licensed professional engineer or a licensed land surveyor.

(e) Driveways. All driveways shall be paved and maintained dust free.

(f) Yard Lights. If street lights are not installed in Cheswick Place, then the builder on each Lot shall supply and install a yard light in operable condition on such Lot at a location, having a height and of a type, style and manufacture approved by the Architectural Review Board prior to the installation thereof. Each such light fixture shall also have a bulb of a maximum wattage approved by Architectural Review Board to insure uniform illumination on each Lot and shall be equipped with a photo electric cell or similar device to insure automatic illumination from dusk to dawn each day. The yard light thereafter shall be maintained in proper working order by the Lot Owner.

(i) Construction and Landscaping. All construction upon, landscaping of and other improvements to a Lot shall be completed strictly in accordance with the Lot Development Plan approved by the Architectural Review Board. Landscaping shall include a minimum of two 2" deciduous trees planted near the street right-of-way, taking care to avoid easements and not to violate site distance requirements. All landscaping specified on the landscaping plan approved by the Architectural Review Board shall be installed on the Lot strictly in accordance with such

approved plan within thirty (30) days following substantial completion of the Residence unless the Board agrees to a later landscaping completion date. Unless a delay is caused by strikes, war, court injunction or acts of god, the Owner of any Lot which on the date of purchase is not improved with a Residence shall commence construction of a Residence upon the Lot within two (2) years from the date the Owner acquired title thereto and shall complete construction of such Residence within one (1) year after the date of commencement of the building process, but in no event later than three (3) years after the date the Owner acquired title to the Lot unless such Lot is adjacent to a Lot upon which the Owner has constructed a Residence in which such Owner permanently resides. If the Owner fails to commence or complete construction of a Residence within the time periods specified herein, or if the Owner should, without Declarant's written approval, sell, contract to sell, convey, or otherwise dispose of, or attempt to sell, convey or otherwise dispose of, the Lot before completion of construction of a Residence on the Lot, then, in any of such events, Declarant may:

(i) re-enter the Lot and divest the Owner of title thereto by tendering to the Owner or to the Clerk of the Circuit Court of Hamilton County the lesser of (i) the same net dollar amount as was received by Declarant from such Owner as consideration for the conveyance by Declarant of the Lot, together with such actual costs, if any, as the Owner may prove to have been incurred in connection with the commencement of construction of a Residence on the Lot and (ii) the then fair market value of the Lot, as determined by averaging two (2) appraisals made by two (2) qualified appraisers appointed by the Judge of the Circuit or Superior Court of Hamilton County, Indiana.

(ii) obtain injunctive relief to force the Owner to proceed with construction of any residence, a Lot Development Plan for which has been approved by the Architectural Review Board upon application by such Owner; or

(iii) pursue such other remedies at law or in equity a may be available to Declarant.

The failure of the Owner of a Lot to apply for approval of, or receive approval from, the Architectural Review Board of a Lot Development Plan shall not relieve such Owner from his obligation to commence and complete construction of a Residence upon the Lot within the time periods specified herein. For the purposes of this sub-paragraph (h), construction of a Residence will be deemed "completed" when the exterior of the Residence (including but not limited to the foundation, walls, roof, windows, entry doors, gutters, downspouts, exterior trim, paved driveway and landscaping) has been completed in conformity with the Lot Development Plan.

(j) Mailboxes. All mailboxes installed upon Lots shall be uniform and shall be of a type, color and manufacture approved by the Architectural Review Board. Such mailboxes shall be installed upon posts approved as to type, size and location by the Architectural Review Board.

Each Owner shall connect to such water line maintained by a private or public water utility to provide water for domestic use on the Lot and shall pay all connection, availability or other charges lawfully established with respect to connections thereto. Notwithstanding the foregoing, an Owner may establish, maintain and use an irrigation water well on his Lot.

(m) Drainage. In the event storm water drainage from any Lot or Lots flows across another Lot, provision shall be made by the Owner of such Lot to permit such drainage to continue, without restriction or reduction, across the downstream Lot and into the natural drainage channel or course, although no specific drainage easement for such flow of water is provided on the Plat. To the extent not maintained by the Drainage Board, "Drainage Easements" reserved as drainage swales shall be maintained by the Owner of the Lot upon which such easements are located such that water from any adjacent Lot shall have adequate drainage along such swale. Lots within Cheswick Place may be included in a legal drain established by the Drainage Board. In such event, each Lot in Cheswick Place will be subject to assessment by the Drainage Board for the costs of maintenance of the portion of the Drainage System and the Lake Control Structures included in such legal drain, which assessment will be a lien against the Lot. The elevation of a Lot shall not be changed so as to affect materially the surface elevation or grade of surrounding Lots. Perimeter foundation drains, sump pump drains, downspouts and water softeners, shall be connected whenever feasible into a subsurface drainage tile. Downspouts and drains shall be designed to disperse runoff for overland flow to street or swale collection systems. Each Owner shall maintain the subsurface drains and tiles located on his Lot and shall be liable for the cost of all repairs thereto or replacements thereof.

(n) Vacant Lots. It shall be the duty and obligation of the Owner of a vacant Lot to maintain such Lot and mow the lawn thereon. Declarant and the Corporation shall have the right, but not the obligation, to mow the lawn and maintain vacant Lots.

(4) square feet may be displayed at any time for the purpose of advertising the property for sale, or may be displayed by a builder to advertise the property during construction and sale. A builder shall display a "sold" sign on the Lot when he has sold the property.

(c) Fencing. No fence, wall, hedge or shrub planting higher than eighteen (18) inches shall be permitted between the front property line and the front building set-back line except where such planting is part of Residence landscaping and the prime root thereof is within four (4) feet of the Residence. Corner Lots shall be deemed to have two (2) front yards. Trees shall not be deemed "shrubs" unless planted in such a manner as to constitute a "hedge". No chain link fence shall be erected upon a Lot. All fencing shall be uniform in height, style and color and substantially similar in material. No fence shall be erected or maintained on or within any Landscaping Easement or Sign Easement except such as may be installed by Declarant and subsequently replaced by the Corporation in such manner as to preserve the uniformity of such fence. All fences on Lake Lots shall be wrought iron or similar material. No fence may be erected on a Lot without the prior approval of the Architectural Review Board, which may establish further restrictions with respect to fences, including limitations on (or prohibition of) the installation of fences in the rear yard of a Lot abutting a Lake and design standards for fences. All fences shall be kept in good repair. No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between two (2) and six (6) feet above the street shall be placed or permitted to remain on any corner Lot within the triangular area formed by the street property lines and a line connecting points 25 feet from the intersection of said street lines, or in the case of a street line with the edge of a driveway pavement or alley line. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

(i) Fencing along 136th St., 141st st., Ditch Road. No fencing shall be erected in a Landscape Easement, Sign Easement, or in a Common Area except by the Declarant. Any fencing along 136th Street, 141st Street, or Ditch road shall be constructed of the same material, and be the same height, the same color and the same design and the same appearance and shall be constructed only with the approval of the Architectural Review Board.

(d) Vegetation. An Owner shall not permit the growth of weeds and volunteer trees and bushes on his Lot, and shall keep his Lot reasonably clear from such unsightly growth at all times. If an Owner fails to comply with this restriction, the Architectural Review Board may (but shall not be obligated to) cause the weeds to be cut and the Lot cleared of such growth at the expense of the Owner thereof and the Architectural Review Board shall have a lien against the cleared Lot for the expense thereof.

(e) Nuisances. No noxious or offensive activity shall be carried on upon any Lot nor shall anything be done thereon which may be, or may become, an annoyance or nuisance to the neighborhood. Barking dogs shall constitute a nuisance.

(f) Garbage and Refuse Disposal. No Lot shall be used or maintained as a dumping ground for trash. Rubbish, garbage or other waste shall be kept in sanitary containers out of public view. All equipment for storage or disposal of such materials shall be kept clean and sanitary.

(g) Livestock and Poultry. No animals, livestock or poultry of any kind shall be raised, bred or kept on any Lot, except that dogs, cats or other household pets may be kept provided that they are not kept, bred or maintained for any commercial purpose. The owners of such permitted pets shall confine them to their respective Lots such that they will not be a nuisance. Owners of dogs shall so control or confine them so as to avoid barking which will annoy or disturb adjoining Owners.

(h) Outside Burning. No trash, leaves, or other materials shall be burned upon a Lot if smoke therefrom would blow upon any other Lot and, then, only in acceptable incinerators and in compliance with all applicable legal requirements.

(i) Antennas and Receivers. No antenna, satellite dish, or other device for the transmission or reception of radio, television, or satellite signals or any other form of electromagnetic radiation shall be erected, used or maintained outdoors and above ground, whether attached to a building or otherwise, on any residential Lot without the written approval of the Architectural Review Board, which approval shall not be unreasonably withheld; provided, however, that any such device may be installed and maintained on any Lot without the necessity of such written approval if: (a) it is not visible from neighboring Lots, streets or common area; or (b) the Owner, prior to installation, has received the written consent of the Owners of all Lots who would have views of the device from their Lots; or (c) the device is virtually indistinguishable from structures, devices or improvements, such as heat pumps, air conditioning units, barbecue grills, patio furniture, and garden equipment, which are not prohibited by these covenants or by-laws, or (d) it is a satellite dish two (2) feet or less in diameter and not affixed to the roof of a residence.

(j) Exterior Lights. No exterior lights shall be erected or maintained between the building line and rear lot line so as to shine or reflect directly upon another Lot.

(k) Electric Bug Killers. Electric Bug Killers, "zappers", and other similar devices shall not be installed at a location or locations which will result in the operation thereof becoming a nuisance or annoyance to other Owners, and shall be operated only when outside activities require the use thereof and not continuously.

(l) Tennis Courts. No tennis court shall be installed or maintained on any Lot which abuts a Lake.

The Architectural Review Board shall have the power to establish such architectural and landscaping design guidelines and standards as it may deem appropriate to achieve the purpose set forth in subparagraph (b) to the extent that such design guidelines and standards are not in conflict with the specific provisions of this Declaration. If Declarant is no longer a Class B member, any such guideline or standard may be appealed to the Board of Directors which may terminate or modify such guideline or standard by a two-thirds (2/3) vote of the Directors then serving.

15. Community Area.

(a) Ownership. The Community Area shall remain private, and neither Declarant's execution or recording of any instrument portraying the Community Area, nor the doing of any other act by Declarant is, or is intended to be, or shall be construed as, a dedication to the public of such Community Area. Declarant or the Corporation may, however, dedicate or transfer all or part of the Community Area to any public agency, authority or utility for use as roads, utilities, parks or other public purposes.

(b) Density of Use or Adequacy. Declarant expressly disclaims any warranties or representations regarding the density of use of the Community Area or any facilities located thereon or the adequacy thereof for the purpose intended.

(c) Obligations of the Corporation. The Corporation, subject to the rights of Declarant and the Owners set forth in this Declaration, shall be responsible for the exclusive management and control of the Community Area and all improvements thereon (including furnishings and equipment related thereto), and shall keep the Community Area in good, clean, attractive and

sanitary condition, order and repair.

No Person shall have any right or easement of enjoyment in or to the Community Area except to the extent granted by, and subject to the terms and provisions of, this Declaration or resolution adopted by the Board of Directors. Such rights and easements as are thus granted shall be appurtenant to and shall pass with the title to every Lot for whose benefit they are granted. The Owners of lots abutting the Lake may use the Lake, but such use shall be limited to fishing and such other uses as may be authorized by resolution adopted by the Board of Directors. Each Owner shall have the right to use such parts of the Community Area as are reasonably required to afford access to and from such Owner's Lot.

(e) Extent of Easements. The easements of enjoyment created hereby shall be subject to the following

(i) the right of the Corporation to establish reasonable rules for the use of the Community Area;

(ii) the right of the Corporation to mortgage any or all of the Community Area and the facilities constructed thereon for the purposes of improvements to, or repair of, the Community Area or facilities constructed thereon, pursuant to approval of the Class B member and (i) two-thirds (2/3) of the votes of the Class A members (excluding Declarant) or (ii) two-thirds (2/3) of the Mortgagees (based on one vote for each first mortgage owned), voting in person or by proxy at a regular meeting of the Corporation or a meeting duly called for this purpose; and

(iii) the right of the Corporation to dedicate or transfer all or any part of the Community Area to any public agency, authority or utility, but no such dedication or transfer shall be effective unless an instrument signed by the Class B member and (i) the appropriate officers of the Corporation acting pursuant to authority granted by two-thirds (2/3) of the votes of the Class A members (excluding Declarant) or (ii) two-thirds (2/3) of the Mortgages (based on one vote for each first mortgage owned), agreeing to such dedication or transfer, has been recorded.

The members of the family and the guests of every Person who has a right of enjoyment to the Community Area and facilities may use the Community Area and facilities subject to such general regulations consistent with the provisions of this Declaration as may be established from time to time by the Corporation and included within the Register of Regulations.

(g) Damage or Destruction by Owner. In the event the Community Area is damaged or destroyed by an Owner or any of his guests, tenants, licensees, agents, or member of his family, such Owner authorizes the Corporation to repair said damaged area; the Corporation shall repair said damaged area in a good workmanlike manner in conformance with the original plans and specifications of the area involved, or as the area may have been modified or altered subsequently

by the Corporation in the discretion of the Corporation. The amount necessary for such repairs shall become a Special Assessment upon the Lot of said Owner.

(h) Conveyance of Title. Declarant may retain the legal title to the Community Area or any portion thereof until such time as it has completed improvements thereon, but notwithstanding any provision herein, the Declarant hereby covenants that it shall convey the Lakes and Lake Control Structures to the Corporation, free and clear of all liens and financial encumbrances. Owners shall have all the rights and obligations imposed by this Declaration with respect to such Community Area prior to conveyance, except that the Corporation shall not be liable for payment of taxes and insurance for such Community Area until title is conveyed.

16. Easements.

(a) Plat Easements. In addition to such easements as are created elsewhere in this Declaration and as may be created by Declarant pursuant to written instruments recorded in the Office of the Recorder of Hamilton County, Indiana, Lots are subject to drainage easements, sewer easements, utility easements, sign easements, entry way easements, landscaping easements, lake maintenance access easements and non-access easements, either separately or in any combination thereof, as shown on the Plat, which are reserved for the use of Owners, public utilities companies and governmental agencies as follows:

(i) Drainage Easements. (DE) are created to provide paths and courses for area and local storm drainage, either overland or in adequate underground conduit, to serve the needs of Cheswick Place and adjoining ground and/or public drainage systems; and it shall be the individual responsibility of each Owner to maintain the drainage across his own Lot. Under no circumstance shall said easement be blocked in any manner by the construction or reconstruction of any improvement, nor shall any grading restrict, in any manner, the water flow. Said areas are subject to construction or reconstruction to any extent necessary to obtain adequate drainage at any time by any governmental authority having jurisdiction over drainage, by Declarant, and by the Architectural Review Board, but neither Declarant nor the Architectural Review Board shall have any duty to undertake any such construction or reconstruction. In the event the Declarant or the Architectural Review Board undertakes any such construction or reconstruction, its obligations to restore the affected real estate after any such construction or reconstruction shall be limited to re-grading and re-seeding. Under no circumstances shall the Declarant be liable for any damage or destruction to any fences, structures, or other improvements which are damaged, destroyed or remodeled by Declarant, or its agents or employees as a result of such construction or reconstruction. Said easements are for the mutual use and benefit of the Owners.

(ii) Sewer Easements. (SE) are created for the use of the local government agency having jurisdiction over any storm and sanitary waste disposal system which may be designed to serve Cheswick Place for the purpose of installation and maintenance of sewers that are a part of said system.

(iii) Utility Easements. (UE) are created for the use of Declarant, the Corporation and all public utility companies, not including transportation companies, for the installation and maintenance of mains, ducts, poles, lines and wires, as well as for all uses specified in the case of sewer easements.

(LMAE) are created for the use of Declarant, the Corporation, the Drainage Board and the Clay Township Regional Waste District for the purpose of gaining access to the Lake, the Lake Control Structures, the Drainage System in the course of maintenance, repair or replacement of any thereof.

(vii) Non-Access Easements. are depicted on the Plat and are created to preclude access from certain Lots to abutting rights-of-way across the land subject to such easements. No planting shall be done, and no hedges, walls, or other improvements shall be erected or maintained in the area of such easements except by the Declarant during the Development Period and, thereafter, by the Association. No fences shall be erected or maintained in the area of such easements.

(viii) Sign Easements - There are strips of grounds shown on the Plat and reserved for mounding easements, landscape easements, and sign easements. Declarant reserves unto itself during the Development Period and thereafter unto the Association, the exclusive and sole right to erect signs and install landscaping, mounding, and screening within these strips of ground shown on the Plat as landscaping, mounding, and sign easements. No planting shall be done, and no hedges, walls, or other improvements shall be erected or maintained in the area of such easements except by the Declarant during the Development Period and, thereafter, by the Association. (ix) Community Area Access Easement - The Declarant and the Corporation shall have an undefined easement over any and all Lots for the purpose of gaining access to any Community Area in order to maintain or repair said Community Area.

All easements mentioned herein include the right of reasonable ingress and egress for the exercise of other rights reserved. No structure, including fences, shall be built on any drainage, sewer or utility easement, but a paved driveway necessary to provide access to a Lot from a public street or Roadway shall not be deemed a "structure" for the purpose of this Restriction.

(b) General Easement. There is hereby created a blanket easement over, across, through and under the Property for ingress, egress, installation, replacement, repair and maintenance of underground utility and service lines and systems, including but not limited to water, sewers, gas, telephones, electricity, television, cable or communication lines and systems. By virtue of this easement it shall be expressly permissible for Declarant or the providing utility or service company to install and maintain facilities and equipment on the Property and to excavate for such purposes if Declarant or such company restores the disturbed area. All such restoration shall be limited to re-seeding and re-grading only and Declarant shall be under no obligation to repair or replace any improvements or landscaping. No sewers, electrical lines, water lines, or other utility service lines or facilities for such utilities may be installed or relocated in the Property except as proposed and approved by Declarant prior to the conveyance of the first Lot in the Property to an Owner or by the Architectural Review Board thereafter. Should any utility furnishing a service covered by the general easement herein provided request a specific easement by recordable document, Declarant or the Corporation shall have the right to grant such easement on the Property without conflicting with the terms thereof. This blanket easement shall in no way affect any other recorded easements on the Property, shall be limited to improvements as originally constructed, and shall not cover any portion of a Lot upon which a Residence has been constructed.

(c) Public Health and Safety Easements. An easement is hereby created for the benefit of, and granted to, all police, fire protection, ambulance, delivery vehicles, and all similar Persons to enter upon the Community Area in the performance of their duties.

(e) Crossing Underground Easements. Easements utilized for underground service may be crossed by driveways, walkways and Lake Access Easements provided prior arrangements are made with the utility company furnishing service. Such easements as are actually utilized for underground service shall be kept clear of all other improvements, including buildings, patios, or other pavings, other than crossings, driveways, walkways or Lake Access Easements, and neither Declarant nor any utility company using the easements shall be liable for any damage done by either of them or their assigns, agents, employees, or servants to shrubbery, trees, flowers or other improvements of the Owner located on the land covered by said easements.

(f) Declarant's Easement to Correct Drainage. For a period of ten (10) years from the date of conveyance of the first Lot in the Property, Declarant reserves a blanket easement and

right on, over and under the ground within the Property to maintain and to correct drainage of surface water in order to maintain reasonable standards of health, safety and appearance. Such right expressly includes the right to cut any trees, bushes or shrubbery, make any grading of the soil, or to take any other similar action reasonably necessary. If such grading or cutting of trees, bushes or shrubbery is in an area designated on the Plat as a Drainage Easement, then Declarant's obligation to restore the affected real estate shall be limited to re-grading and re-seeding, and neither the Declarant nor its agents, employees or assignees shall be liable for any damage or destruction to any improvements, structures or fencing located on or in such existing Drainage Easement. If such grading or cutting of trees, bushes or shrubbery is not in an area already designated on the Plat as a Drainage Easement, Declarant will restore the affected property to its original condition as nearly as practicable. Declarant shall give reasonable notice of its intention to take such action to all affected Owners, unless in the opinion of Declarant an emergency exists which precludes such notice.

(g) Water Retention. The Owner of each Lot, by acceptance of a deed thereto, consents to the temporary storage (detention) of storm water within the drainage easements (DE) on such Owner's Lot.

17. Declarant's Use During Construction. Notwithstanding any provisions to the contrary contained herein or in any other instrument or agreement, Declarant or its sales agents or contractors may maintain during the period of construction and sale of Lots and Residences in the Property, upon such portion thereof as is owned or leased by Declarant, such facilities as in the sole opinion of Declarant may be reasonably required, convenient or incidental to the construction and sale of Lots and Residences, including, but without limiting the generality thereof, a business office, storage area, construction yards, signs, model Residences and sales offices.

18. Enforcement. The Corporation, any Owner or Declarant shall have the right to enforce, by proceeding at law or in equity, all restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by the provisions of this Declaration, but neither Declarant nor the Corporation shall be liable for damage or any kind to any Person for failure either to abide by, enforce or carry out any of the Restrictions. No delay or failure by any Person to enforce any of the Restrictions or to invoke any available remedy with respect to a violation or violations thereof shall under any circumstances be deemed or held to be a waiver by that Person of the right to do so thereafter, or an estoppel of that Person to assert any right available to him upon the occurrence, recurrence or continuation of any violation or violations of the Restrictions. In any action by Declarant, the Corporation or an Owner to enforce this Declaration, such party shall be entitled to recover all costs of enforcement, including attorneys' fees, if it substantially prevails in such action.

19. Approvals by Declarant. As long as there is a Class B Member, the following actions shall require the prior approval of Declarant: the dedication or transfer of the Community Area; the merger or consolidation of the Property with other real estate; mortgaging of the Community

Area; amendment of this Declaration; and changes in the basis for assessment or the amount, use and time of payment of the Initial Capital Assessment.

(a) Generally. This Declaration may be amended at any time by an instrument signed by both (i) the appropriate officers of the Corporation acting pursuant to the authority granted by not less than two-thirds (2/3) of the votes of the Class A members cast at a meeting duly called for the purpose of amending this Declaration and, (ii) the Declarant, so long as the Declarant still owns at least one (1) Lot.

(b) By Declarant. Declarant hereby reserves the right unilaterally to amend and revise the standards, covenants and restrictions contained in this Declaration during the period prior to December 31, 2010. Such amendments shall be in writing, executed by Declarant, and recorded with the Recorder of Hamilton County, Indiana. Declarant shall give notice in writing to such Owners and Mortgagees of any amendments. Wherever and whenever applicable, the singular form of any work shall be taken to mean or apply to the plural, and the masculine form shall be taken to mean or apply to the feminine or to the neuter.

22. Duration. The foregoing covenants and restrictions are for the mutual benefit and protection of the present and future Owners, the Corporation, and Declarant, and shall run with the land and be binding on all parties and all Persons claiming under them until January 1, 2021, at which time said covenants and restrictions shall be automatically extended for successive periods of ten (10) years, unless changed in whole or in part by vote of those Persons who are then the Owners of a majority of the Lots in the Property.

23. Severability. Every one of the Restrictions is hereby declared to be independent of, and severable from, the rest of the Restrictions and of and from every other one of the Restrictions, and of and from every combination of the Restrictions. Therefore, if any of the Restrictions shall be held to be invalid or to be unenforceable, or to lack the quality of running with the land, that holding shall be without effect upon the validity, enforceability or "running" quality of any other one of the Restrictions.

24. Non-Liability of Declarant. Declarant shall not have any liability to an Owner or to any other Person with respect to drainage on, over or under a Lot. Such drainage shall be the responsibility of the Owner of the Lot upon which a Residence is constructed and of the builder of such Residence, and an Owner, by an acceptance of a deed to a Lot, shall be deemed to agree to indemnify and hold Declarant free and harmless from and against any and all liability arising from, related to, or in connection with drainage on, over and under the Lot described in such deed. Declarant shall have no duties, obligations or liabilities hereunder except such as are expressly assumed by Declarant, and no duty of, or warranty by, Declarant shall be implied by or inferred from any term or provision of this Declaration.
