All permitted satellite dishes shall be aesthetically concealed, by landscaping or otherwise, from view on all sides by other Owners in the neighborhood, and shall be installed so as not to constitute a nuisance or offensive effect on other Owners in the neighborhood.

2. THE MEADOWS DEVELOPMENT CONTROL COMMITTEE

A. Statement of Purpose and Powers. The Committee shall regulate the external design, appearance, use, location and maintenance of lands subject to these Restrictions and improvements thereon, in such a manner as to preserve and enhance value and to maintain a harmonious relationship among structures and the natural vegetation and topography.

(i) Generally. No dwelling, building structure or improvement of any type or kind shall be constructed or placed on any lot in the Development without the prior approval of the Committee. Such approval shall be obtained only after written application has been made to the Committee by the owner of the lot requesting authorization from the Committee. Such written application shall be in the manner and form prescribed from time to time by the Committee and shall be accompanied by three (3) complete sets of plans and specifications for any such proposed construction or improvement. Such plans shall include plot plans showing the location of all improvements existing upon the lot and the location of the improvement proposed to be constructed or placed upon the lot, each properly and clearly designated. Such plans and specifications shall set forth the color and composition of all exterior materials proposed to be used and any proposed landscaping, together with any other materials or information which the Committee may require. All building plans and drawings required to be submitted to the Committee shall be drawn to a scale of 1/4" = 1' and all plot plans shall be drawn to a scale of 1" = 20' or to such other scale as the Committee shall require.

(ii) Power of Disapproval. The Committee may refuse to grant permission to construct, place or make the requested improvement, when:

11/10/01

or show the proposed improvement to be in violation of these restrictions;

(b) The design, color scheme, or building material of a proposed improvement is not in harmony with the general surroundings of the lot or with adjacent buildings or structures;

(c) The proposed improvement, or any part thereof, would in the opinion of the Committee be contrary to the interests, welfare or rights of all or any part of other owners.

(iii) Power to Grant Variances. The Committee may allow reasonable variances or adjustments of these Restrictions where literal application would result in unnecessary hardship, but any such variance or adjustment shall be granted in conformity with the general intent and purposes of these Restrictions and no variance or adjustment shall be granted which is materially detrimental or injurious to other lots in the Development.

(iv) Power to Establish Architectural Guidelines. The Committee shall have the power to publish Architectural Guidelines which shall be binding upon every owner in the Development. Furthermore, the Committee is empowered to amend said Guidelines from time to time by publication of Amended Guidelines. Printing and distribution of Architectural Guidelines, as amended from time to time, shall constitute publication.

D. NOTICE OF COMMITTEE. The Committee shall approve or disapprove proposed improvements within thirty (30) days after all required information shall have been submitted to it. One copy of submitted material shall be retained by the Committee for its permanent files. All notifications to applicants shall be in writing, and, in the event that such notification is one of disapproval, it shall specify the reason or reasons.

C. LIABILITY OF COMMITTEE. Neither the Committee nor any agent thereof, nor the Developer, shall be responsible in any way for any defects in any plans, specifications or other materials submitted to it, nor for any defects in any work done according thereto. Further, the Committee does not make any representation or warranty as to the suitability or advisability of the design, the engineering, the method of construction involved, or the materials to be used.

D. Inspection. The Committee may inspect work being performed with its permission to assure compliance with these restrictions and applicable regulations.

E. Continuation of Committee. When the Developer notifies the Association of discontinuance of his Architectural Control Committee, then the Directors of the Association, or their

Designee, shall continue the functions of the Committee with like powers.

9. RULES GOVERNING BUILDING ON SEVERAL CONTIGUOUS LOTS HAVING ONE OWNER. Whenever two or more contiguous lots in the Development shall be owned by the same person and such owner shall desire to use two or more of said lots as a site for a single-dwelling house, he shall apply in writing to the Committee for permission to so use said lots. If permission for such a use shall be granted, the lots constituting the site for such single-dwelling house shall be treated as a single lot for the purpose of applying

these Restrictions to said lots, so long as the lots remain improved with one single-dwelling house.

10. OWNERSHIP, USE AND ENJOYMENT OF COMMONS.

A. "Commons" and "Commons Area" shall mean those areas set aside for conveyance to the Association, as shown on the plat. Any commons depicted on the recorded plat of the Development shall remain private, and neither the Developer's execution or recording of the plat nor the doing of any other act by the Developer is, or is intended to be, or shall be construed as, a dedication to the public of the commons.

A license upon such terms and conditions as the Developer, and the successors, assigns or licensees of the Developer, shall from time to time grant, for the use and enjoyment of the commons, is granted to the persons who are from time to time members of the Association. Ownership of any commons shall be conveyed in fee simple title, free of financial encumbrances to the Association upon their completion. Such conveyance shall be subject to covenants and restrictions of record, and such other conditions as the Developer may at the time of such conveyance deem appropriate. Such conveyance shall be deemed to have been accepted by the Association and their persons who shall from time to time be members thereof upon the recording of a deed or deeds conveying such commons to the Association.

B. The Developer shall retain ownership of Block D located adjacent to 191st Street and reserve and retain the right to sell, transfer and convey all or any part of this block to any person or persons for a use or purpose the Developer deems appropriate. At the Developer's discretion said transfer or conveyance may contain deed restrictions with regard to the use of the property.

11 THE MEADOWS PROPERTY OWNERS' ASSOCIATION, INC.

A. In General.

(1) There has been or will be created, under the laws of the State of Indiana, a not-for-profit corporation to be known as the "The Meadows Property Owners' Association, Inc.", which is referred to as the "Association". Every owner of a residential lot in the Development shall be a member of the Association and shall be subject to all the requirements and limitations imposed in these Restrictions on other owners of residential lots within the Development and on members of the Association, including these provisions with respect to the payment of an annual charge.

B. Classes of Membership. The Association shall have two classes of voting membership:

Class A. Class A members shall be all owners with the exception of the Developer and shall be entitled to one vote for each lot owned. When more than one person holds an interest in any lot, all such persons shall be members. The vote for such lot shall be exercised as they among themselves determine, but in no event shall more than one vote be cast with respect to any lot.

Class B. The Class B member(s) shall be the Developer, who shall be entitled to three (3) votes for each lot owned. The Class B membership shall cease and be converted to Class A membership on the happening of either of the following events, whichever occurs earlier:

(a) On the date the Developer sells the last lot which it owns in the Development, and the Developer no longer owns any lots or land in the Development; or

(b) On January 1, 2000.

C. Board of Directors. The members shall elect a Board of Directors of the Association as prescribed by the Association's by-laws. The Board of Directors shall manage the affairs of the Association.

D. Professional Management. No contract or agreement for professional management of the Association shall be for a term in excess of three (3) years. Any such agreement or contract shall provide for termination by either party with or without cause without any termination fee by written notice of ninety (90) days or less.

F Responsibilities of the Association:

(i) The Association shall maintain the entrance landscaping, signage and the landscape elements shown on the plat(s) and shall keep such areas in a neat, clean and presentable condition at all times.

(ii) The Association shall maintain and repair the Common Areas shown on the plat(s) including improvements thereon.

(iii) The Association shall provide for the operation, management and maintenance of the swimming pool and related facilities located within the development.

(iv) The Association shall maintain the water retention areas/basins shown on the plat(s) as part of the overall drainage system to serve the development.

(v) The Association shall procure and maintain casualty insurance for the Common Areas, liability insurance and such other insurance as it deems necessary or advisable. The Association shall be required to use reasonable efforts to secure insurance policies that will provide the following:

(1) A waiver of subrogation by the insurer as to any claims against the Association, the Association's Board of Directors and the Developer;

(2) A statement that the Association will be given at least thirty (30) days prior written notice of any cancellation, substantial modification, or nonrenewal;

(3) All liability insurance shall not exclude coverage for claims made by owners/members and shall also name the Developer as an additional insured.

(vi) The Association may contract for such services as management, snow removal, security control, trash removal, and such other services as the Association deems necessary or advisable.

12. GOVERNANCE FOR MAINTENANCE ASSESSMENTS:

A. Creation of the Lien and Personal Obligation of Assessment. Each owner of any lot in the subdivision, except the Developer, by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) annual assessments on charges; and (2) special assessments for capital improvements and operating deficits; such assessments to be established and collected as

hereinafter provided. The annual and special assessments together with interest, costs, and reasonable attorneys' fees, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with interest, costs and reasonable attorneys' fees, shall also be the personal obligation of the person who was the owner of such property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his successors in title unless expressly assumed by them. No charge or assessment shall ever be levied by the Association against the Developer.

D. Use of Assessments. The assessments levied by the Association shall be used exclusively to promote the health, safety and welfare of the residents in the properties and for the improvement and maintenance of the Common Area and improvements, opened or maintained by the Association, and the landscape easements on the Development and other purposes as specifically provided herein.

C. Special Assessments for Capital Improvements and Operating Expenses. In addition to the annual assessments authorized above, the Association may levy a special assessment for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of any capital improvement which the Association is required to maintain or for operating deficits which the Association may from time to time incur, provided that any such assessment shall have the assent of a majority of the votes of the members who are voting in person or by proxy at a meeting duly called for this purpose.

D. Notice and Quorum for Any Action Authorized Under Section 2. Written notice of any meeting called for the purpose of taking any action authorized under Section 2 for Special Assessments shall be sent to all members not less than thirty (30) days nor more than sixty (60) days in advance of the meeting. At the first such meeting called, the presence of members or of proxies entitled to cast sixty percent (60%) of all the votes of the membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

E. Date of Commencement of Annual Assessments: Due Dates. The annual assessment provided for herein shall commence for each lot on the date of conveyance to the owner by deed or on the date the owner signs a land contract to purchase a lot. The Board of Directors shall fix any increase in the amount of the monthly assessment at least thirty (30) days in advance of the effective date of such increase. Written notice of annual

Assessments and such other assessment notices as the Board of Directors shall deem appropriate shall be sent to every owner subject thereto. The due dates for all assessments shall be established by the Board of Directors. The Association shall, upon demand, and for a reasonable charge, furnish a certificate in recordable form signed by an officer of the Association setting forth whether the assessments on a specified lot have been paid. A properly executed certificate from the Association regarding the status of assessments for any lot shall be binding upon the Association as of the date of its issuance.

F. Effect of Non-Payment of Assessments. Remedies of the Association. Any charge levied or assessed against any lot, together with interest and other charges or costs as hereinafter provided, shall become and remain a lien upon that lot until paid in full and shall also be a personal obligation of the owner or owners of that lot at the time the charge falls due. Such charge shall bear interest at the rate of twelve percent (12%) per annum until paid in full. If, in the opinion of the Board of Directors of the Association, such charge has remained due and payable for an unreasonably long period of time, the Board may, on behalf of the Association, institute such procedures, either at law or in equity, by foreclosure or otherwise, to collect the amount owing in any court of competent jurisdiction. The owner of the lot or lots subject to the charge, shall, in addition to the amount of the charge at the time legal action is instituted, be obliged to pay any expense or costs, including attorneys' fees, incurred by the Association in collecting the same. Every owner of a lot in the Development and any person who may acquire any interest in such lot, whether as an owner or otherwise, is hereby notified, and by acquisition of such interest agrees, that any such liens which exist upon said lot at the time of the acquisition of such interest are valid liens and shall be paid. Every person who shall become an owner of a lot in the Development is hereby notified that by the act of acquiring, making such purchase or acquiring such title, such person shall be conclusively held to have consented to pay the Association all charges that the Association shall make pursuant to this subparagraph of the Restrictions.

The Association shall, upon demand, at any time, furnish a certificate in writing signed by an officer of the Association that the assessments on a specified lot have been paid or that certain assessments against said lot remain unpaid, as the case may be. A reasonable charge may be made by the Board of Directors of the Association for the issuance of these certificates. Such certificates shall be conclusive evidence of payment of any assessment therein stated to have been paid.

G. Subordination of the Lien to Mortgage. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any lot shall not affect the assessment lien. No sale or transfer shall relieve such

lot from liability for any assessments thereafter becoming due or from the lien thereof. Provided, however, the sale or transfer of any lot pursuant to the foreclosure of any first mortgage on such lot (without the necessity of joining the Association in any such foreclosure action) or any proceedings or deed in lieu thereof shall extinguish the lien of all assessments becoming due prior to the date of such sale or transfer.

H. Suspension of Privileges of Membership. Notwithstanding any other provision contained herein, the Board of Directors of the Association shall have the right to suspend the voting rights, if any, and the services to be provided by the Association together with the right to use the facilities of the Association, of any member or associate member (i) for any period during which any of the Association's charges or any fines assessed under these Restrictions owed by the member or associate member remains unpaid; (ii) during the period of any continuing violation of the restrictive covenants for the development, after the existence of the violation shall have been declared by the Board of Directors of the Association; and (iii) during the period of any violation of the Articles of Incorporation, By-laws or regulations of the Association. Written notice of said suspension shall be sent to any property owner whose voting rights or privileges of membership are to be suspended.

10. REMEDIES.

A. In General. The Association or any party to whom benefit these Restrictions inhere, including the Developer, may proceed at law or in equity to prevent the occurrence or continuation of any violation of these Restrictions, but neither the Developer nor the Association shall be liable for damages or any claim to any person for failing either to abide by, enforce or carry out any of these Restrictions.

B. Delay or Failure to Enforce. No delay or failure on the part of any aggrieved party to invoke any available remedy with respect to a violation of any one or more of these Restrictions shall be held to be a waiver by that party (or an estoppel of that party to assert) any right available to him upon the occurrence, recurrence or continuation of such violation or violations of these Restrictions.

11. EFFECT OF BECOMING AN OWNER.

The owners of any lot subject to these Restrictions by acceptance of a deed conveying title thereto, or the execution of a contract for the purchase thereof, whether from the Developer or a subsequent owner of such lot, shall accept such deed and execute such contract subject to each and every Restriction and agreement herein contained. By acceptance of such deed or execution of such contract, the owner acknowledges the rights and powers of the

Developer, Committee and of the Association with respect to these Restrictions, and also, for themselves, their heirs, personal representatives, successors and assigns, such owners covenant and agree and consent to and with the Developer, Committee and the Association and to and with the owners and subsequent owners of each of the lots affected by these Restrictions to keep, observe, comply with and perform such Restrictions and Agreements.

13. TITLES

The titles preceding the various paragraphs and subparagraphs of the Restrictions are for convenience of reference only and none of them shall be used as an aid to the construction of any provision of the Restrictions. Wherever and whenever applicable, the singular form of any word shall be taken to mean or apply to the plural, and the masculine form shall be taken to mean or apply to the feminine or to the neuter.

14. CREATION

The foregoing Covenants and Restrictions are to run with the land and shall be binding on all parties and all persons claiming under them until January 1, 1960, at which time said Covenants and Restrictions shall be automatically extended for successive periods of ten (10) years, unless changed in whole or in part by a two-thirds majority vote of those persons who are then the owners of the subdivided lots in the Development. Prior to January 1, 1960, amendments to these Restrictions may be accomplished by a two-thirds majority vote of the members of each the Class A and Class B members. Such Amendment shall not be valid unless recorded in the Office of the Recorder of Hamilton County, Indiana.

Notwithstanding any provisions contained in the Declaration to the contrary, so long as construction and sale of lots shall continue, it shall be impermissible for any person or entity to record any declaration of covenants, conditions and restrictions, or similar instrument affecting any portion of the Development without Developer's review and written consent thereto, and any attempted recordation without compliance herewith shall result in such declaration of covenants, conditions and restrictions, or similar instrument being void and of no force and effect unless subsequently approved by recorded consent signed by the Developer. This paragraph may not be amended without the express written consent of the Developer; provided, however, the rights contained in this paragraph shall terminate upon the earlier of (a) ten (10) years from the date this Declaration is recorded, or (b) upon recording by Developer of a written statement that all sales activity has ceased.

17. SEVERABILITY

Every one of the Restrictions is hereby declared to be independent of, and severable from, the rest of the Restrictions and of and from every other one of the Restrictions, and of and from every combination of the Restrictions.

Therefore, if any of the Restrictions shall be held to be invalid or to be unenforceable, or to lack the quality of running with the land, that holding shall be without effect upon the validity, enforceability or "running" quality of any other one of the Restrictions.
