JAMES W. BRIDGES,
REGISTERED LAND SURVEYOR
NO. 50181, STATE OF INDIANA

We the undersigned Diane Estates, Inc., owners of the real estate shown and described herein, do hereby certify that we have laid off, plat and subdivide said real estate in accordance with the within plat. This subdivision shall be known and designated as PENDLE HILL, SECTION III, an addition to Madison County, Indiana. All streets and alleys shown and not heretofore dedicated are hereby dedicated to public use.

PROTECTIVE COVENANTS

These protective covenants are placed upon this real estate for the purpose of developing Pendle Hill as a planned residential and commercial "new Town" and for the purpose of preserving the value of said property for its present and future owners. The real estate described in the foregoing certificate is now hereby made subject to the following restrictions, covenants, and conditions for a term of twenty-five (25) years and shall continue beyond twenty-five (25) years until such time as terminated by the affirmative vote of the then owners of sixty (60%) percent of the residential lots in Pendle Hill, Section I, Section II, and Section III, and any future continuations of said plat.

1. No building or structure shall be erected, constructed, or maintained on any lot, except only a private single family dwelling, designed for and adopted to the use and occupancy of not more than one family, together with private garages and any other necessary and appurtenant buildings. Any such private garage or appurtenant building shall conform in architectural styling and siding and roofing material with the residence located on said lot.

2. There shall not be placed, built, erected, or maintained more than one dwelling, together with the necessary outbuildings in connection therewith, upon any of the lots in said Subdivision as originally platted.

3. In order to maintain harmony of appearance and for the protection of the owners of lots in the Subdivision, it is declared that no building, fence, wall, or other structure shall be erected or maintained on any lot, nor shall any change or alteration be made until the plans and specifications therefore and a sketch or view of the building or structure or changes have been submitted to and approved by DIANE ESTATES, INC., hereinafter called the "Architectural Committee".

Said Committee shall have the right to refuse to approve any of such plans and specifications which are not desirable in their opinion for aesthetics or for other reasons, and in passing upon said plans and specifications they shall have the right to establish the grade and shall take into consideration the suitability of the proposed building or other structure; the materials of which it is to be built; the site upon which it is proposed to be erected; the harmony thereof with the surrounding buildings; the effect thereof upon other buildings or lots in the Subdivision; and likewise compliance with the other requirements of these protective covenants.

When all the lots in the Subdivision shall have been sold by DIANE ESTATES, INC., said Committee shall thereafter consist of three (3) persons, who shall be elected by the owners of a majority of the lots in said Subdivision. A decision of the majority of the Committee shall control and be binding.

4. No dwelling shall be permitted on any lot at a cost of less than fifty thousand (\$50,000) Dollars, based upon the cost levels prevailing on the date these covenants are recorded and it being the intention and purpose of this covenant to assure that all dwellings shall be of a quality of workmanship and materials substantially the same or better than that which can be produced on the date these covenants are recorded at the minimum cost stated herein for the minimum permitted dwelling size. The floor area of the main structure exclusive of one-story, open porches and garages shall be not less than 1,200 square feet. All garage doors shall face to the side or rear of the lot rather than to the front with the exception of any lot where this would be impracticable or impossible because of the dimensions or terrain of the particular lot. No residence shall be erected on any lot in this Subdivision which shall face County Road 100 West.

5. No animals, livestock, or poultry of any kind shall be raised, bred, or kept on any lot, except that dogs, cats, or other household pets may be kept, provided that they are not kept, bred, or maintained for any commercial purpose.

6. No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage, or other waste shall not be kept except in sanitary containers. All incinerators or other equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition. All lots shall be kept trimmed and neat at all times. In the event any lot is not kept trimmed and neat, the Architectural Committee may do so and charge the cost to the lot owner.

7. No trailers shall be permitted in the Subdivision unless used in connection with the construction of a dwelling and removed thereafter, and all construction shall be speedily concluded and completed within one year. No used building to be used as a residence or for any other purpose may be moved onto any lot and all

construction shall be of new material.

8. All septic tanks shall be located and constructed in accordance with the requirements of the County and State Health Departments.

9. No lot in Pendle Hill, Section III, shall be used for commercial purpose and the same shall be used only for a single family residence.

10. Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat and over the rear seven and one-half feet of each lot. Within these easements, no structure, planting, or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities or which may change the direction of flow of drainage channels in the easements or which may obstruct or retard the flow of water through drainage channels in the easements. The easement area of each lot and all improvements in it shall be maintained continuously by the owner of the lot except for those improvements for which a public authority or utility company is responsible.

11. All utility installations shall be under ground and all utilities are granted an easement covering the installation and maintenance of the under ground service entrance conductors from the utility lines to the individual residence at a location mutually agreeable between the lot owner and the utility company.

12. No building shall be erected on a lot nearer to the front set back line than shown on the recorded plat. No building shall be erected on any lot nearer than ten (10) feet to any side or rear lot line.

13. Each of the covenants, conditions, restrictions, and provisions contained herein shall constitute covenants running with the land for the term aforesaid, and shall inure to and be deemed to be for the benefit of each of all the present or future owners of lots in the Subdivision, and these restrictions may be enforced by any lot owner or by the Architectural Committee hereinabove referred to.

14. Any building, fence, wall, or other structure erected or built upon the Subdivision after the expiration of one year from the date of completion of such building or other structure shall be deemed to comply with all the provisions of these restrictions unless actual notice to the contrary shall have been given to the owner of such lot, or unless legal proceedings shall have been instituted to enforce compliance with these restrictions within the said year.

15. Any of the foregoing restrictions, protections, covenants, and conditions may be annulled, waived, changed, modified, or amended at any time by a declaration setting forth such annulment, waiver, change, modification, or amendment executed by the owners of at least seventy-five (75%) percent of the lots in said Subdivision and with the consent of DIANE ESTATES, INC. so long as the said DIANE ESTATES, INC. shall own any of said lots or have any interest therein. Said declaration shall be executed as required by law to permit it to be recorded and shall be recorded in the Office of the Registrar of Deeds in and for Madison County, Indiana, before the same shall become effective.

16. No fence, wall, hedge, or shrub planting which obstructs sight lines at elevations between three (3) and twelve (12) feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points twenty (20) feet from the intersection of the street lines, or in the case of a rounded property corner, from the intersection of the street property lines extended. The same sight line limitations shall apply on any lot within ten (10) feet from the intersection of a street property line with the edge of a driveway or alley pavement. No trees shall be permitted to remain within such distance of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines. No screen planting over 36 inches high and no fence shall be permitted between the street and the building set-back line of a lot. (R)

IN WITNESS WHEREOF, said DIANE ESTATES, INC. have caused this instrument to be executed by its duly authorized officers this 5th day of May, 1977.

NOW THEREFORE, the undersigned do adopt the following Amendment to the Protective Covenants and agree that the lot owners in Pendle Hill Sections 1, 2, 3 and 4 and their successors in interest as owners of Lots in Pendle Hill Sections 1 through 4 are bound by this Amendment:

CHICAGO TITLE

END OF DOCUMENT 2

25/12/40
2002

AMENDMENT TO THE DECLARATION OF PROTECTIVE COVENANTS OF PENDLE HILL PROVIDING FOR A HOMEOWNERS ASSOCIATION, ASSESSMENT OF HOMEOWNERS, AND THE ENFORCEMENT OF COLLECTION OF ASSESSMENTS

WHEREAS, Pendle Hill was originally laid out as four subdivisions designated Pendle Hill Sections 1, 2, 3 and 4, hereinafter called "Pendle Hill", each with restrictive covenants, which provided for amendment thereof by the vote of the owners of at least seventy-five percent (75%) of the lots; and,

WHEREAS, pursuant to the authority granted in the original covenants a revised Declaration of Protective Covenants covering all four sections was executed and then recorded on September 22, 1995, as Instrument Number 9518840 in the Office of the Recorder of Madison County, Indiana; and,

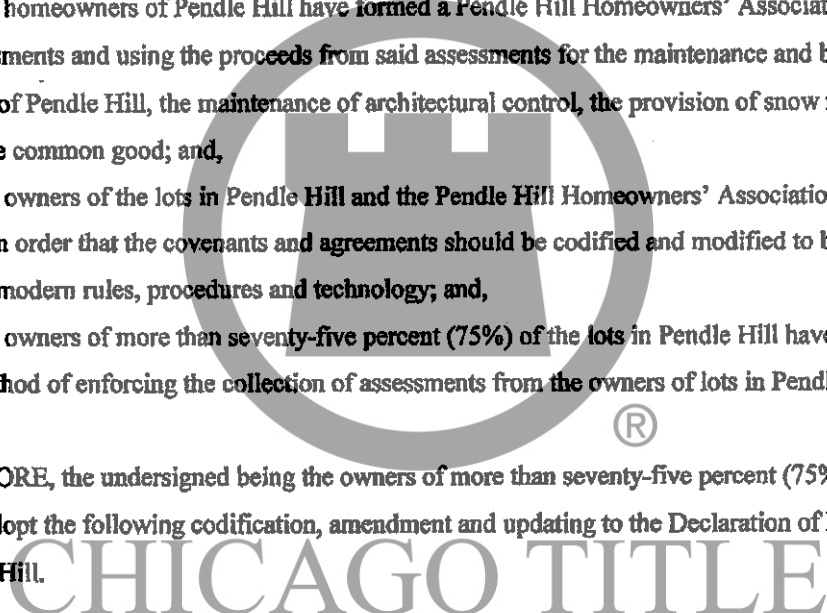

WHEREAS, a subsequent amendment to the Declaration of Protective Covenants was recorded November 15, 2004, as Instrument Number 0427624 in the Office of the Recorder of Madison County; and,

WHEREAS, the homeowners of Pendle Hill have formed a Pendle Hill Homeowners' Association and have been collecting assessments and using the proceeds from said assessments for the maintenance and beautification of the common areas of Pendle Hill, the maintenance of architectural control, the provision of snow removal and other functions for the common good; and,

WHEREAS, the owners of the lots in Pendle Hill and the Pendle Hill Homeowners' Association have determined that it is in order that the covenants and agreements should be codified and modified to bring them into conformity with modern rules, procedures and technology; and,

WHEREAS, the owners of more than seventy-five percent (75%) of the lots in Pendle Hill have also determined that a method of enforcing the collection of assessments from the owners of lots in Pendle Hill is necessary;

NOW THEREFORE, the undersigned being the owners of more than seventy-five percent (75%) of the lots in Pendle Hill now adopt the following codification, amendment and updating to the Declaration of Protective Covenants of Pendle Hill.

**ARTICLE I
DEFINITIONS**

For the purpose of this amendment the following are definitions of certain terms used herein:

- A. "Assessment" shall mean that share of the Common Expenses imposed upon each lot, as determined and levied pursuant to the provisions of Article VI herein as well as any fees, costs, expenses or fines as herein defined.
- B. "Association" shall mean Pendle Hill Homeowners' Association. Its membership shall consist of owners of lots in Pendle Hill. Each lot shall have one (1) vote on all association business regardless of the number of owners for any particular lot.

- C. "Common Expenses" shall mean the actual and estimated cost to the Association for maintenance, management, operation, repair, improvement and replacement of the Common Property as hereinafter defined, provision of snow removal service, mowing and any other costs or expenses incurred by the Association for the benefit of the owners of property in Pendle Hill, including the cost of insurance as required herein and the enforcement of covenants and restrictions. Common Expenses shall also include the expenses for supplies, postage, professional service and other expenses of the operation of the Association.
- D. "Common Property" shall mean all real and personal property that is in the nature of common or public improvements.
- E. "Lot" shall mean any parcel of real estate as shown on the plat of Pendle Hill as it is recorded in the Office of the Recorder of Madison County, Indiana. No lot may be subsequently sub-divided for development purposes except to adjust for minor side yard infractions that may occur or have occurred.
- F. "Owner" shall mean a person who retains any right, title or interest, legal or equitable, in and to a lot, but shall exclude those persons having such interest merely as security for the performance of an obligation.
- G. "Pendle Hill" shall mean all of the lots laid out and dedicated in Pendle Hill Sections 1, 2, 3 & 4.

**ARTICLE II
COVENANTS**

- 1. No building or structure shall be erected, constructed or maintained on any lot, except only a private single family dwelling, designed for and adapted to the use and occupancy of not more than one family, together with private garages and any other necessary and appurtenant buildings. Any such private garage or appurtenant building shall conform in architectural styling and siding and roofing material with the residence located on said lot.
- 2. There shall not be placed, built, erected or maintained more than one dwelling, together with the outbuildings in connection therewith, upon any of the lots in said Subdivision as originally platted.
- 3. In order to maintain harmony of appearance and for the protection of the owners of lots in the Subdivision, it is declared that no building, fence, wall or other structure shall be erected or maintained on any lot, nor shall any change or alteration to any of the above be made until the plans and specifications (including a sketch or view of the building or structures or changes) have been submitted to, and approved by, the "Architectural Committee".

The Architectural Committee shall consist of the President, Vice President, Secretary and Treasurer of the Pendle Hill Homeowners' Association and shall serve until the replacements of such officers have been elected by the Board of Directors of the Pendle Hill Homeowners' Association. There is no limit on the number of terms for which a committee member may serve. A decision of a majority of the committee shall be binding.

Said Committee shall have the right to refuse to approve any of such plans and specifications which are not consistent with these protective covenants as interpreted by the Architectural Committee and shall have the further right to refuse to approve any such plans and specifications which are, in the opinion of the committee, not desirable for aesthetic or other reasons. In passing upon said plans and said specifications, the committee shall have the right to establish the grade and shall take into consideration the suitability of the proposed building or other structure; the materials of which it is to be built; the site upon which it is proposed to be erected; the harmony thereof with the surrounding buildings; the effect thereof upon other buildings or lots in the Subdivision; and likewise compliance with the other requirements of these protective covenants.

4. No dwelling shall be built on any lot at a cost of less than \$175,000.00 dollars, exclusive of lot value, based upon the cost levels prevailing on the date these covenants are recorded and it being the intention and purpose of this covenant to assure that all dwellings shall be of a quality of workmanship and material substantially the same or better than that which can be produced on the date these covenants are recorded at the minimum cost stated herein for the minimum permitted dwelling size. In the event an owner constructs a dwelling with "sweat equity" and/or subcontracting the house on his own, the costs as used in this covenant shall be considered at a figure that a contractor would charge to build the house exclusive of lot value rather than the actual cost expended by the owner.
5. The floor area of the main structure exclusive of one-story, open porches and garages shall be not less than 1,600 square feet, and the roof pitch shall be not less than 3 on 12. All garage doors shall face to the side or rear of the lot rather than to the front with the exception of any lot where this would be impracticable or impossible because of the dimensions or terrain of the particular lot. Every residence shall face on the interior streets in Pendle Hill. No residence shall face on County Road 100 West nor have a private drive extending to County Road 100 West, except that owners of properties having a private drive extending to County Road 100 West may elect membership in Pendle Hill Homeowners' Association by otherwise conforming to these covenants and paying all assessments levied by Pendle Hill Homeowners' Association
6. No animals, livestock, or poultry of any kind shall be raised, bred or kept on any lot, except that dogs, cats or other household pets may be kept, provided that they are not kept, bred or maintained for any commercial purpose.
7. All lots shall be kept trimmed and neat at all times. In the event any lot is not kept trimmed and neat, the Homeowners' Association may trim and clean the property as needed and assess the lot owner for the cost.
8. Travel trailers, motor homes, trailers and boats may be parked on a lot owner's driveway during seasonal use but must be stored outside of Pendle Hill during seasons when not in use. Such vehicles shall be parked on paved surfaces and not on grass or stone.
9. No truck, semi-trailer, equipment, travel trailers, motor homes, trailers or boats shall ever be parked on the streets in Pendle Hill. No trailers or used buildings shall ever be placed or allowed to remain on any lot.
10. No lot in Pendle Hill shall be used for other than a single-family dwelling.

11. Easements for installation and maintenance of underground utilities and for drainage facilities are reserved as shown on the recorded plat and over the rear seven and one-half feet of each lot. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities or which may change the direction of flow of drainage channels in the easements or which may obstruct or retard the flow of water through drainage channels in the easements. The surface area of each easement on each lot shall be maintained continuously by the owner of the lot except for those improvements for which a public authority or utility company is responsible.
12. All utility installations shall be underground and all utilities are granted an easement covering the installation and maintenance of the underground service entrance conductors from the utility lines to the individual residence at a location mutually agreeable between the lot owner and the utility company.
13. No building shall be erected on a lot nearer to the front set back line than shown on the recorded plat. No building shall be erected on any lot nearer than ten (10) feet to any side or rear lot line.
14. Each of the covenants, conditions, restrictions and provisions contained herein shall constitute covenants running with land, and shall inure to and be deemed to be for the benefit of each of all the present or future owners of lots in Pendle Hill. These restrictions may be enforced by any lot owner or by the Association.
15. Any building, fence, wall or other structure erected or built in Pendle Hill shall be deemed to comply with all the provisions of these restrictions unless legal proceedings have been instituted to enforce compliance with these restrictions within one year of the erection thereof, except where a structure is later found to encroach upon a legal property line or easement.

ARTICLE III
EFFECT OF BECOMING AN OWNER

Any person becoming the owner of any lot in Pendle Hill subsequent to the recording of this document shall accept said deed, subject to all covenants and agreements herein contained. By acceptance of said deed the owner acknowledges the rights and powers of interested parties with respect to the covenants, restrictions and agreements herein contained both for themselves, their heirs, their personal representatives, and their successors and assigns. Said owner by acceptance of a deed to a property in Pendle Hill covenants and agrees with all the owners and subsequent owners of lots in Pendle Hill to keep, observe, comply with and perform these covenants, restrictions and agreements.

ARTICLE IV
BOARD OF DIRECTORS

The owners of the lots in Pendle Hill shall elect or appoint a Board of Directors of the Association as prescribed by the Association's By-laws. The Board of Directors shall manage the affairs of the Association and have the authority to carry out the duties and responsibilities specified in this Declaration.

ARTICLE V
RESPONSIBILITY OF THE ASSOCIATION

The Association is hereby authorized to act and shall act on behalf of, and in the name, place and stead of, the individual owners of lots in Pendle Hill in all matters pertaining to the determination of Common Expenses, the collection of annual assessments and the granting of any approvals whatsoever and to the extent called for in this codification of protective covenants also providing for Homeowners' Association, assessment of homeowners and the enforcement of collection of assessments. The Association shall also have the right but not the obligation to act on behalf of any owner or any owners seeking enforcement of covenants contained in this Declaration. Neither the Association nor its officers or authorized agents shall have any liability whatsoever to any owner for any action taken under color of authority of the Declaration or for any failure to take any action called for by the Declaration, unless such act or failure to act is in the nature of a willful or reckless disregard of the rights of the owners or in the nature of willful, intentional, fraudulent, or reckless misconduct. The Association shall procure and maintain casualty insurance, liability insurance (including directors' and officers' insurance) and such other insurance as it deems necessary or advisable. The Association by its Board of Directors may contract such other services as the Association deems necessary or advisable.

ARTICLE VI
ASSESSMENTS

A. **Purpose of Assessments:**

The assessments levied by the Association shall be used to pay the "Common Expenses" as defined in Article I of this document.

B. **Liability of Assessments:**

The Assessment on each lot, together with any interest thereon and any costs of collection thereof, including attorneys' fees, shall be a charge on each lot. The assessment shall become a lien upon each lot from and after the due date thereof in favor of the Association. Each such Assessment, together with any interest thereon and any costs of collection thereof, including attorneys' fees, shall also be the personal obligation of the owner of each lot at the time when the assessment is due. However, the sale or transfer of any lot pursuant to mortgage foreclosure or any proceeding in lieu thereof shall extinguish the lien of such assessments as to payments that become due prior to such sale or transfer. The lien for any assessment shall for all purposes be subordinate to the lien of any mortgagee whose mortgage was recorded prior to the date such assessment first became due and payable. No sale or transfer shall relieve such lot from liability for any assessments thereafter becoming due or from the lien thereof, nor shall any sale or transfer relieve any owner of the personal liability hereby imposed.

C. **Basis of Annual Assessments:**

The Board of Directors of the Association shall establish an annual budget prior to the beginning of each fiscal year, setting forth all anticipated Common Expenses for the coming fiscal year, together with a reasonable allowance for contingencies and reserves for periodic repair and replacement of the Common Property. A copy of this budget shall be delivered to each owner within thirty (30) days after the beginning of each fiscal year of the Association but failure to do so will not waive the right to make an assessment. In any event, the assessment will not be due until thirty (30) days after the distribution of the budget to the owners.

D. **Duties of the Association:**

1. **Books and Records:**

The Board of Directors of the Association shall cause proper books and records of the levy and collection of each annual and special assessment to be kept and maintained, including a roster setting forth the identification of each and every lot and each assessment applicable thereto, which books and records shall be kept by the association and shall be available for the inspection and copying by each owner (or duly authorized representative of any owner) at all reasonable times. Except as may be otherwise provided in the Association's By-Laws, the Association shall cause financial statements to be prepared at least annually for each fiscal year of the Association, and shall furnish copies of the same to any owner or mortgagee upon request. The Board of Directors of the Association shall cause written notice of all assessments, levied by the Association upon the lots and upon the owners, to be mailed to the owners or to their designated representative. Notice of the amounts of the annual Assessments and notices of the amounts of special Assessments shall be sent as promptly as practical and, in any event, not less than thirty (30) days prior to the due date of such assessment, or any installment thereof. In the event such notice is mailed less than thirty (30) days prior to the due date of the assessment to which such notice pertains, payment of such assessment shall not be deemed past due for any purpose if paid by the owner within thirty (30) days after the date of actual mailing of such notice.

2. **Certificate of Assessments:**

Upon request the Association shall promptly furnish to any owner, prospective purchaser, title insurance company, or mortgagee, a certificate in writing signed by an officer of the Association, setting forth the extent to which assessments have been levied and paid with respect to any lot in which the requesting party has a legitimate interest. As to any person relying thereon, such certificate shall be conclusive evidence of payment of any assessment therein stated to have been paid.

3. **Request for Notice from Mortgagee:**

The Association shall notify any mortgagee from which it has received a request for notice of any default in the performance of any obligation under this Declaration by any owner that is not remedied within sixty (60) days.

**ARTICLE VII
REMEDIES FOR NON-PAYMENT OF ASSESSMENTS**

1. **Lien for Non-Payment of Assessments:**

If any assessment is not paid on the date when due, then such assessment shall be deemed delinquent and shall, together with any interest thereon and any cost of collection thereof, including attorney fees, become a continuing lien on the lot against which such assessment was made, and such lien shall be binding upon and enforceable as a personal liability of the owner of such lot as of the date of levy of such assessment. The lien of such assessment shall be perfected by the filing of notice of said lien with the Madison County Recorder which notice shall also specify the legal description of the property being assessed. Said lien, once recorded, shall be enforceable by an action to foreclose the lien which foreclosure shall be against the lot and a continuing personal liability of the owner of the lot and all future successors and assigns of such owner in such lot.

2. **Initiation of Action by Association for Non-Payment of Assessment:**

If any assessment upon any lot is not paid within thirty (30) days after the due date, such assessment and all costs of collection thereof, including attorney fees, shall bear interest from the date of delinquency until paid at a rate of fifteen percent (15%) per annum. Upon filing of said assessment with the Madison County Recorder, the Association may then bring an action against the owner of the lot and any other responsible parties in any court having jurisdiction to enforce payment of the same and to foreclose the lien against the lot. There shall be added to the amount of such assessment all costs of such action, including the Association's attorney fees, and in the event a judgment is obtained, such judgment shall include interest at the statutory rate, costs and attorney fees.

ARTICLE VIII
SUBORDINATION OF AN ASSESSMENT LIEN TO MORTGAGES

The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage recorded before the recording of the notice of assessment as a lien in the office of the Madison County Recorder. Sale or transfer of any lot shall not affect the assessment lien. No sale or transfer shall relieve such lot from liability for assessments thereafter becoming due or from the lien thereof. Provided, however, the sale or transfer of any first mortgage on such lot (without the necessity of joining the Association in any such foreclosure action) or any proceedings or deed in lieu thereof shall extinguish the lien of all assessments becoming due prior to the date of such sale or transfer. This paragraph shall prevail if and to the extent this paragraph is inconsistent with any other paragraph in the Declaration.

ARTICLE IX
SAVING PROVISION

If any provision, statement, or requirement established by this declaration is deemed to be invalid, or unlawful, the invalidation of said provision shall not impair or nullify the remainder of this declaration, and all other provisions will remain in full force and effect.

ARTICLE X
AMENDMENT

Any of the foregoing agreements, restrictions, covenants and conditions may be annulled, waived, changed, modified or amended at any time by a declaration setting forth such annulment, waiver, change, modification, or amendment executed by the owners of at least seventy-five percent (75%) of the lots in Pendle Hill. Such declaration shall be executed as required by law and shall be recorded in the Office of the Recorder of Madison County, Indiana, before the same shall become effective.

IN WITNESS WHEREOF THE UNDERSIGNED BEING THE OWNERS OF NOT LESS THAN SEVENTY-FIVE PERCENT (75%) OF THE LOTS IN PENDLE HILL HAVE SIGNED THIS DOCUMENT ON DATES BETWEEN THE 1st DAY OF NOVEMBER 2008 AND THE 2nd DAY OF DECEMBER 2008.
